

NATURAL SCIENCES &
MATHEMATICS ALUMNI

Need help writing a scientific résumé? The NSM Alumni Association can help!

Writing a résumé as a new graduate can be challenging. Properly highlighting your skills and experience in scientific applications adds to this challenge. The NSM Alumni Association will be hosting a workshop aimed specifically at résumé writing for Natural Science and Mathematics students. It will be conducted by a professional head hunter who can give you the proper advice for writing a résumé in your field of study to get the position you want.

The workshop will be held on:

**March 25th, 2009 at Noon,
GAR, Room 201**

(http://www.uh.edu/campus_map/buildings/GAR.php)

While the workshop is opened to all students, there will be limited space for students to bring a résumé for critique (hard copy or preferably electronic format) by the speaker after the workshop. Advanced reservations are required for a critique, and first opportunity is offered to students who sign up today.

Please RSVP by March 22nd via email to: inguyen@lexpharma.com, include your name, major, and areas of writing resume you would like to focus on.

*****If you are interested in becoming NSMAA board members, please send your interest to president@nsmaa.org and also visit our website www.nsm.aa.org**
